03 COACH MAYA'S DIAGNOSTIC ANALYSIS // 1-ON-1 STRATEGY

PRIMARY OBSTACLE IDENTIFIED: PROGRESS PLATEAU

"Alex, progress stalls when mechanical stimulus and metabolic expenditure flatten out. With your 4-day frequency and 2,420 kcal baseline, we rotate volume density to reignite muscle protein synthesis while keeping systemic cortisol low. You will notice physical changes within 21 days."

Why 1-on-1 Private Coaching With Me Gets Permanent Results:
